

WEEKLY NEWSLETTER NO. 45

June 12, 1957

25X1A9a

We had a visit [REDACTED] on Monday,

June 10, who came to our plant to make preliminary arrangements for an audit of Contracts 5111A and 5111B. Plans were made to have the audit take place sometime during the last two weeks of June.

25X1A9a

We talked [REDACTED] Monday, June 10, who

informed us that most of his equipment had been packed and is prepared for shipment to [REDACTED] this week.

25X1A9a

We received a letter [REDACTED] dated 4 June in

which he reports that his equipment is in excellent condition. He has made the preliminary modifications for installation of heated bubbles which will be leaving our plant this Friday via [REDACTED] 25X1A6a He reports that he has received unit No. 44 and shipped unit No. 32 back to the depot. On his arrival back he also solved the glass lens problem which we hope to rectify as soon as possible.

25X1A9a

Received [REDACTED] weekly report dated 3 June. His units are in excellent condition with only minor problems arising which Jim has been able to take care of along with the regular maintenance.

During the week we shipped from our factory to [REDACTED] unit 25X1A6a No. 53 and one reproducible copy of the instruction manual on June 5, and unit No. 54 on 7 June. Our only shipment to [REDACTED] was on 5 June 25X1A6a of 5 Mark III handles. Each Mark III handle unit consists of one handle, 25X1A9a two adapters and two cables. [REDACTED] has been informed of their arrival at the warehouse. Five Mark III handles are being shipped to [REDACTED] 25X1A6a today and five more will be shipped Thursday or Friday.
